

The purpose of this consent is to inform you of the risks associated with grooming/bathing/drying which are inherent for pets with shorter noses (brachycephalic). Not all of these problems apply to your pet, but these are part of the brachycephalic syndrome. Please discuss any specific concerns with your professional groomer.

- Respiratory Problems
- Cooling Problems-can become worse with anxiety and stress
- Stomach and Intestinal Issues
- High Anxiety

I \_\_\_\_\_, realize the risks associated with grooming/bathing/drying my brachycephalic pet. I authorize the service and release Spa Paw & Tail from any liability associated with these risks.
